BANGALORE.

SIR,

Subject : Joint representation of the residents of V.V.Mohalla, Mysore, praying that a new road may be formed connecting the Adipampa Road with the Dhanvanthri Road.

I write to forward herewith the petition dated 23-6-55 presented to this office by the residents of the V.V. Mohalla, Mysore, requesting that for the reasons stated therein, a road may be formed through a portion of land of the Central Food Technological Institute to link the Adi-pampa Road (V.V.Mohalla) with Dhanvanthri Road. The land under reference belongs to the Public Works Department, and the prayer of the residents of V.V.Mohalla deserves sympathetic consideration of Government.

Yours faithfully,

S. Linganna.
Chairman. 30/6

23/6

Petitioners:- Residents of Vanivilas Mohalla and Jayalakshmipuram extensions of City Municipal limits.

P 246/55-56.

Respected Sir,

The undersigned petitioners respectfully beg to submit the following for your kind consideration and early action.

We are the residents of V.V.Mohalla and Jayalakshmipuram extensions of Mysore City Municipality. These extensions are at a distance of two to two and a half miles from the centre of the city market and other important Institutions. The petitioners have to take ~~either~~ either Kalidas or Yelwal route if they have to go to market or Educational institutions. These routes are circutious as they have to go round the Central Food Technological Research Institute, which comprises about 150 to 200 acres in area.

In the interest of the public, it is absolutely necessary that roads should be laid out between Yelwal road and Kalidasa roads.

Petitioners learnt that the State Government handed-over to the Centre, only about 77 acres for the purpose of the Central Food Technological Research Institute, and the remaining area belongs to Mysore P.W.D., which has consented to hand-over the same to the City Improvement Trust Board, Mysore.

The petitioners also further learn, that the authorities of the Central Food Technological Research Institute, Mysore, have proposed to build quarters for the staff around the Mansion. If it materializes, it causes great hardship and inconveniences to the residents of the V.V. Mohalla and Jayalakshmipuram., extensions.

Before the authorities of above Institute ventures to do anything towards construction of quarters, the City Improvement Trust Board, should see that planned roads are laid out in between Yelwal and Kalidas roads.

We humbly submit our suggestions in laying the new roads so that everything will be in conformity with the City Planning and benefits the public.

The existing Adipampa road runs from Valmiki road rightup to the end of V.V.Mohalla. This road bifurcates V.V.Mohalla and Jayalakshmipuram. If Adipampa road which touches Valmiki road, is extended towards east, it will go right through the area of Central Food Technological Research Institute and meets Dhanvanthri road, near railway under-bridge. By laying this road, no building need be demolished. This new road will serve as a best bus route to the residents of Jayalakshmipuram and Vanivilas Mohalla extensions.

The petitioners earnestly request the State Govt. and the Chairman to kindly use ~~his~~ their good offices in taking back the area that does not legally belong to the Central Food Technological Research Institute, and lay out new routes - so that they can serve the public to the best extent possible.

Dated 23-4-1955.
Mysore.
